

HELP STOP OSD SCHOOL TAKEOVERS!

A takeover plan will:

1. Shift resources away from public schools.
2. Turn local schools in to charters run by out-of-state for-profit companies.
3. Appoint a new state bureaucracy that will take decision making away from teachers, parents and the locally elected school board.

This amendment also allows the state to fire teachers without cause, and close some schools while forcing overcrowding in others.

The politician's plan will make things WORSE, not better.

HELP START COMMUNITY SCHOOLS!

Children are counting on us to focus on what works. Our Community Schools Success Plan is about quality pre-K, smaller classes, and afterschool programs. We need better funding for art, music, and PE.

- Our plan creates stability in schools and a healthier learning environment.
- **Parents, educators, and communities know what's best for students, not politicians.**

VOTE NO

ON THE OSD STATE TAKEOVER OF PUBLIC SCHOOLS!

COMMIT TO SAVING OUR PUBLIC SCHOOLS FROM THE STATE TAKEOVER PLAN!

Pledge to keep local control of our Community Schools today!

- I pledge to vote NO on the so-called "Opportunity School District" amendment that will take money and decision-making power away from our local public schools. We need to help our struggling schools, not defund them.
